

## HAVE YOUR SAY – BE HEARD THROUGH YOUR *NATIONAL MEMBERS FORUM*

As carer or scheme staff member, have you ever thought of an idea or come across information that is incorrect, or even thought that there are better ways to do some things, but just don't know who to share this with?

FDCA would like to introduce you to a number of people throughout the country who are here to hear your suggestions, receive your feedback and to consult with you to ensure that whatever we do represents best practice and the family day care way.

This group of women who have been meeting now for almost two years meet four times per year and regularly speak and interact with FDCA staff to pass on, discuss, debate and look at the best way forward for family day care, on your behalf.

Without this group and without your feedback we couldn't represent the true family day care issues and views to the federal government through our policy and advocacy staff.

Without any further delay, and to keep this short, here are your state and territory representatives.
