

Day Caring

Cabonne/Blayney Family Day Care is a quality children's service that supports each individual child's learning through home visits from the Co-ordination Unit, playgroups, libraries and excursions.

Each Family Day Care home and carer plan to focus primarily on quality outcomes for children and their families, recognising each child's strengths and interest.

Carers are encouraged to network with other carers through visits, playgroups, picnics and other child friendly venues and this enhances positive relationships between carers, children and the scheme.

Your child when placed in Family Day Care will be enriched with great learning experiences in a friendly, safe environment that enables each child to learn new skills along with positive behaviour.

Fees within our scheme are very reasonable and remembering that parents are able to claim the Child Care Benefit when using Family Day Care.

Cabonne/Blayney Family Day Care covers eleven small towns/villages and we invite all interested parents and guardians to phone with an enquiry on 6392 3219 at our local office in Molong.

Heleen, Kateiyn and Lilly enjoy creating their own "Hairy Scary Monster" at the recent visit to the Blayney Library. Children enjoy listening to stories, singing along to some favourite songs and discussion on key learning area's
